Dear Fred: Gilloon
Director of Athletics

Recently I wrote you and stated that the Campus Station WCAG had our permission to tape record New York University basketball games at the Garden. WCAG, which is the Washington Square station, is one of two New York University Campus stations, the other one being WNYU, which operates at the Heights.

WNYU is the campus radio station at the Heights. As you know, I have a letter from Stephen Rachlin, Secretary of WNYU, requesting three passes to the radio booth at the Garden for our games. I shall appreciate it if you will grant these passes to the booth for each of our games, as was done for this station last year. The only passes to the radio booth were issued to WCAG, the Washington Square station.

Sincerely,

Will you please correct the situation with the Garden, so that we may get our passes for the first game, which is next week. We will need to have three passes for each game.

James V. Gilloon, Jr.

Thank you very much for attending to this matter.

Sincerely yours,

Stephen Rachlin
Secretary,
